## RUSSIANS WERE HARD HIT BY GEN. VON HINDENBERG

Who Hesitated in His Retreat From Warsaw--Did Not Interfer With Russian General Advance--Big Battle Pending in Poland--Brilliant Work of Allies on Belgium Canals

London, Nov. 19--The unexpected blow delivered by Von Hindenberg to the Russians during the retreat from Warsaw is the most important news from the east. It does not effect the main Russian advance in east Prussia. Allied warships still shelling Germans off the coast of Belgium. Believed the Russians have engaged the German Baltic fleet.

Petrograd, Nov. 19--Reverse in Poland is admitted. The armies advancing on Cracow and in east Prussia was not effected. A million six hundred thousand men engaged in march on Cracow

London, Nov. 19--All highways and canals north of Arras in the Arras region are now held by the allies. Germans today sent heavy reinforcements to the Dixmude region where they are battling desperately to drive the French and British off the canal dikes. Germans are endeavoring to get a foothold on the Belgian canals to check the continued flooding of the battlefield.

A correspondent in West Flanders relates further indications of impending retreat from the line they now hold. Their transports have been moved back several miles at different points and mining of roads has been carried on extensively the past few days. The arrival of heavy British guns of late have done much towards demoralizing the Germans whose guns are depreciating rapidly.

Petrograd, Nov. 19--Emperor William is staking his all on the great battle in Poland. He has brought his finest troops from France, borrowed the Hungarian Horse, depleted his garrisons by removing the guns wherever possible, and now strikes for victory or death. Having based all his hopes on crushing France he is now similarly turning on Russia

## POLICE ARRESTED ROBBER SUSPECT

Russian Charged With Robbing Wark's Jewelry Store Was Located at Rocher Debole Mine

Frank Harmon was arrested at the Rocher Debole mine on Sunday by Detective Bailey, Prince Rupert, on a charge of robbing Wark's jewelry store recently of three thousand dollars' worth of goods. Harmon came up from Rupert over a week ago and went almost directly to the mine, where he claimed he had been working since last summer. He is a Russian, but he speaks English very fluently. One watch was found at the Royal hotel in Rupert and another was found on a pawn broker. No word has been received of the rest of the goods that were taken. He will be tried in Prince Rupert.

and this battle must decide the fate of the Germans' whole adventure.

A week ago says Dunkirk correspondent, the Germans noticed that the fire from the British warships spared the houses on the coast at Middlekirke whereupon they took up quarters in them. The British discovered the fact and suddenly bombarded the houses from five ships at once. German casualties enormous, the dead alone numbered 1700.

Paris, Nov. 19--A brilliant attack by the British troops and French bluejackets caused the Germans to evacuate Schoorbake in Belgium. Bluejackets made rafts and crossed the flooded areas at night and attacked the enemy. The Germans fled, leaving their guns, ammunition and stores where they were cut off by the British armored cars.

London, Nov. 19--Hundreds of thousands lined the streets, with heads bared and bowed, as the cortage of Lord Roberts passed along to St. Pauls cathedral. His Majesty, the King, was present. The body of the great soldier will lie alongside Wellington Nelson and Wolsey.

Paris, Official, Nov. 19--There is increased artillery activity between the coast and Lys, but no infantry attacks. Between Oise and Aisne at Tracy Deval a long struggle took place over a village which we captured and drove the Germans from the trenches with heavy loss.

Petrograd, Nov. 19--Navy official says, on morning Nov. 17, German squadron of two cruisers ten torpedo boats and several other steamers appeared before Libau. They bombarded the city harbor setting fire to several buildings. The same day the Russian fleet sailed to engage it.

## CHRISTMAS TREE FOR CHILDREN

Entertainment Being Provided and the Committees are Now at Work--Children Will Take Part

The Presbyterian church and Sunday school have decided to hold a Christmas tree and entertainment for the benefit of the children, young and old. The date has not been definitely fixed as yet, but will be announced later. Committees have been appointed for general arrangements, for the program and for the refreshments. The children themselves will provide about half of the program; the other half will be provided by the best local talent. The affair will be held in the hall at the corner of Fugley street and Eleventh avenue, the building formerly occupied by the New Hazelton hotel.

## PATRIOTIC DANCE VOTED BEST YET

Both Towns Were Largely Represented and Dancing, Refreshments and Music Greatly Enjoyed

The patriotic dance which was given by the ladies of New Hazelton last Friday night was a splendid success. In every detail the evening's enjoyment was carried out as planned, and many congratulations were extended to the ladies. The affair took place in the old Hartley building. This was very prettily decorated with bunting, flags and evergreens, while along the sides comfortable seats were arranged and cushions were provided for those wishing to rest. Mrs. McLean furnished the music and every one voted that there had never been any better dance music provided by a piano. The supper was served in the restaurant adjoining. This place was also artistically decorated with flags, bunting and evergreens. A long table was spread and prettily arranged with good things and decorations. The supper was excellent and many commented upon it most favorably.

The proceeds will be in the neighborhood of a hundred dollars and the probability is that the money will be sent to Prince Rupert for the benefit of several families there, rather than send it to the general fund. Rev. D. R. McLean has been authorized to fittingly dispose of the money.

The ladies of the town deserve credit for the success of the whole affair, although at that it was no better than a number of other social functions which the New Hazelton ladies have conducted.

## DISCOVERED TIN NEAR THE COAST

Company in Victoria Formed to Aid in the Development--First Discovery Made in B. C.

Vancouver Sun says:--"A prospector returned from the north reports that he has discovered tin in place about 180 miles up the coast. This is the first time in the history of British Columbia that tin in place has been found. It is understood that a company has been formed in Victoria to assist in the further development of this property. The development will necessitate installing a compressor drill at a cost of \$1800.

Some years ago prominent geologists were on the coast searching for tin, but while they found tin float they were not successful in finding it in place. The formation 180 miles up the coast is similar to that in Cornwall, where the great tin mines are.

### New Safe Installed

A new two-ton safe arrived last week for the New Hazelton post office and it is now in use in the post office at Lynch Bros. The post office has been considerably enlarged, making room for the new safe and also providing much more room for the business, which has increased considerably.

## TO PUT BELGIANS ON LANDS ALONG GRAND TRUNK PACIFIC

Decision of the Railway Company Offers An Opportunity for Public Bodies to Do Some Profitable Boosting for the Immense and Rich Agricultural Areas in this District

According to circulars that are being sent out by the press bureau of the Grand Trunk Pacific to the press of the dominion for publication, the new transcontinental railway company has begun to advertise part of the country through which it passes. The latest news bulletin speaks of the country from Fort Fraser to Fort George, a rich agricultural country in which there are still tracts of land open for pre-emption. These tracts are, however, several miles from the railway, although that is no detriment if some kind of roads were constructed to provide at least winter transportation from the farm to the railway and the towns. In the Bulkley valley and Kispiox valley roads have already been constructed for a great many miles, and the land in these valleys is just as good as anywhere else. The valleys are quite as thickly populated and the open lands are

just as close to the railway and to the towns. In these valleys also there are large tracts of land owned by companies, syndicates and individuals which can be secured on easy terms and at reasonable prices. The railway company hopes to bring out a large number of Belgians after the war and settle them on the lands between Fort George and Prince Rupert. These settlers will be the very best that can be secured and it is to be hoped that a good many thousands will be placed. It would be an excellent move on the part of the various public organizations in this district to send representations to the railway company and the provincial government, as well as the various land companies, with the object of directing a goodly share of the new immigration to the districts of the Kispiox, Skeena and Bulkley valleys.

## J. WILLIAM DAVIS DIED SUDDENLY

Heart Trouble was the Cause--Was a Resident in This District for Several Years

This community received a big shock Tuesday morning when it was announced that J. William Davis had died suddenly Monday from heart trouble. He had been working for some time past with J.W. Patterson, Vanderhoof. All summer he had complained off and on about his heart and had a number of mild attacks while in Fort George, but his condition was not at any time considered serious.

The deceased was a resident of this district for a number of years and was connected with several concerns. Over a year ago he left for the interior to go into the transportation business on Stuart lake and river.

The late Wm. Davis was about forty-five years of age and a bachelor. He had a most agreeable disposition and made a host of friends wherever he went. His demise will be mourned by many.

Arrangements for the funeral are being made by Mr. Patterson at Vanderhoof.

### Progress on Hockey Rink

Considerable headway has been made on the hockey and skating rink this week and it will soon be ready for flooding. The cold weather caught the boys before they had the levelling all done and now the work has been made all the harder, but they are working through it.

F. C. Green, Green Bros. Burden & Co., Victoria, passed up the line Wednesday night on his way to Fort George. B. C. Affleck met him at Prince Rupert.

## OLD INDIAN DEAD LOST ON RESERVE

Alexander Was Found Last Saturday--Great Sufferer from Rheumatism for Years

Alexander, the old Hagwilget Indian, who was known by every resident in this district, and who has been photographed by nearly every amateur and professional photographer that has been in the district, was found dead on the hillside near the Roman Catholic church on the reserve last Saturday. The old man wandered away from his shack and lost himself last Friday, and he was found next day. It was on the same date in October that he was lost, but on that occasion a New Hazelton man found him and returned him to his cabin.

Alexander has been a sufferer from rheumatism for many years and was greatly crippled. He was about eighty-five years of age, but his deformity and his habits caused the public to believe that he was over a hundred years old. He lived, as long as any of the Hagwilget Indians can remember, in a tumbled down shack on the road to the high level bridge. A new house was built for him this summer but the old man refused to occupy it. He knew the old place and every crook and turn, and although he could not walk he crawled about and was as happy as possible under the circumstances. He was buried in the Hagwilget cemetery. He will be missed by all the visitors to the Indian village.

Two new lamps of the R. Moore & Co. variety have been placed in the Presbyterian church and that edifice is now brilliantly illuminated. The lamps were presented to the church by the ladies aid of the church.

## BRITISH HOLDING ENEMY IN CHECK

Most Violent Fighting of War Going  
On at Dixmude and Ypres—Bom-  
barding Rheims Once More

Paris—Official—Between Nierport and Dixmude at Ypres the cannonading was resumed with great violence. On the canal south of Dixmude our artillery prevented the enemy's effort to stop the inundation of their trenches which they were compelled to evacuate. Two attacks of the German infantry failed at Ypres and south of Bixschote. We advanced between Bixschote and the canal. German detachments were destroyed attempting to cross the Aisne. Violent cannonading is reported from Rheims. The Germans are showing signs of the terrific struggle of the past month around Flanders where they have made repeated efforts to break the allies lines. A staff officer predicts that after one month not a German soldier will be in France. Frenchman Alfred Duret was shot as a traitor at Chalons Sur Marne. Duret directed the German artillery fire with a flock of white goats during a battle at Rheims Sept. 9.

## COSTLY ATTEMPT TO REACH CALAIS

Slaughtered Veterans Being Replaced  
by German's Third Line, Which  
is Beaten Near Nieuport

London—With practically all the flower of his army slaughtered in futile attempts to crush the allies, the Kaiser today hurried forward new masses of troops, mainly the second and third reservists, for a renewal of the campaign to capture Dunkirk and Calais. Thus reenforced they delivered a terrific onslaught against the Franco-Belgian army at Nieuport, to be only driven back once in utter defeat. The Germans seem to have launched their last despairing attack upon Ypres which the British army continues to hold owing to the fact that Ypres controls the most important highways and railways leading to the French seacoast.

### Britisher Awarded Iron Cross

Bordeaux—During the recent fighting the Germans, after a fierce attack, retreated carrying all the wounded with them except one. A British officer attempted to get him to shelter and was himself wounded. Both were later picked up by a German ambulance and the Britisher was presented with the German iron cross and sent back to his own lines. He was recommended for the Victoria cross but later succumbed to his injuries.

## The War Bulletins

### TUESDAY

Havre—All attempts of the enemy to reach Calais have been frustrated at the point of the bayonet by the allies.

Paris—Official—Intense interest is centred in the battle being fought around Dixmude. Neither side seems capable of overwhelming the other. Two German flags

Loyalty is the uppermost topic in Canada today. It is most regrettable that so many do not seem to appreciate the full meaning of the term. Loyalty to king and country are most excellent, but loyalty to your town, to your merchants, to your business men, to your employees and employees to their employers is quite as necessary as shouting hurrah for the king. Residents of New Hazelton who buy goods from the outside that local business houses can supply are disloyal. The merchant who buys his household supplies out of town is the most disloyal of all. The question of price should not enter into the argument because every businessman here charges more than the department stores in Vancouver, Winnipeg or Toronto. Wages of laborers and mechanics in New Hazelton are also higher than in those cities. It is merely a question of loyalty or disloyalty to the town. A loyal citizen is a good citizen. A disloyal citizen is a detriment and should be treated as such.

Speaking of the German sympathisers in the Dominion, the Phoenix Pioneer says:—"Even in Canada the number of pro-Germans is fairly large but Canadians will make little objection to their presence, providing, of course, the former will only exercise the ordinary ethics of decent society and refrain from utterances inimicable to the cause for which this country is fighting.

Canada is, after all, a good place to live in. It suited our forefathers, who also found it good enough to fight for, and it suits us. Therefore those people who seem to think we ought to have remained passive at this time, or throw off the imperial "yoke," and substitute that of the Kaiser, cannot do better than leave us to suffer the dire consequences of our folly. It's our own fault if things go against us, but we hope our German neighbors handle us gently and allow us to remain on the list of voters.

were found in trenches occupied by the enemy and were presented to Gens. French and Jeoffre.

Russians continue their enveloping movement in east Prussia. Have entered Rypin and have almost surrounded William's north favorite province. They continue to push the Austrians from Cracow which is defended by Austrian troops under Garman officers.

Venice—News received here that Cracow is burning and inhabitants are fleeing.

Venice says the fall of Cracow is expected any time. This to the Russians means the key to the industrial districts of Silesia, and will strike a vital blow to Germany.

London—Dispatch from Athens says Turks lost 250 men and two guns during the bombardment of forts of Dardanelles. The former German cruisers Goeben and Breslau now fly Turkish flag and have reentered Bosphorus.

Amsterdam—A priest says he saw 40,000 Austrians buried in a single day. The grave was four miles long and seven feet wide. They were buried three deep and all had been killed in a few hours in a battle in Galicia.

Despatches from trustworthy sources in Holland declare that Germans are evacuating Dixmude.

Paris—The French government is making a list of the damage by

Phoenix is feeling the effects of the war on its mining and commercial affairs. A recent census showed that some 300 people in the immediate vicinity were in need of assistance. Phoenix has joined the ranks of those appealing to the government of the province to provide work for such people.

Last week the weather in this district took a decided change for the better and after a couple of bright clear days the thermometer dropped to zero a couple of nights and froze the roads solid. The air has since been crisp and frosty and a new life has been instilled into the people. It will be only a matter of a few days when the roads will be in good shape and the winter business begin. Winter in this district is always a beautiful season and the strong and vigorous delight in it. No bad storms; no blizzards; no death dealing cold—just a delightful, healthy winter, with lots of sun shine and the most beautiful moonlight at night.

In the New Hazelton district there are large tracts of land to be cleared. There is room for many thousands of families. The land is excellent for gardens, orchards, poultry, swine and cattle. For the most part it is covered with timber of a useless commercial character. The commercial timber is contained in less than a dozen patches. The government spends many thousands of dollars annually preventing people clearing land (under the head of forest protection.) We do not object to that money being spent, but we would like to see the money that is spent by the Forestry Department in this district, or at least a large portion of it, spent in a manner that will benefit the district by permitting its settlement. The government would be repaid many times over and the whole province would benefit.

German invaders in France by their violations of the rules of war. They claim that millions of dollars worth of wanton damage was done and no military purpose was served.

London—Copenhagen reports that a Russian squadron left Helsinki, Finland, steering southwest to engage the German Baltic squadron.

Paris—Official—Snow is ankle deep along the battle front and a storm has swept Belgium, and the Germans are said to be cut off by the Belgian floods.

Announcement is made that Brig. Gen. Chas. Fitzclarence, of the guards, has been killed in action in Ypres.

### SYNOPSIS OF COAL MINING REGULATIONS.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections; and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.

## GERMANS BEATEN ALL ALONG FRONT

After Some Brilliant Fighting Zouaves Captured Good Position—North Sea is Military Area

Paris, Nov. 18—Official—Numerous artillery attacks yesterday were repulsed. From North Sea to Lys we gave active bombardment. Near Bixchoote the Zouaves captured the forest after brilliant bayonet fighting. South of Ypres all the infantry attacks were repulsed, the enemy's army being maintained at no point. In Craonne our artillery achieved success. Bombardment of Rheims continues. In Alsace the Landwehr battalions have been taken out of the firing line, owing to the loss of over half their effective strength.

London, Nov. 18—Britain has declared the whole North sea to be in the military area. Indiscriminate mine laying given as the cause. Also all subjects of the enemy found on neutral vessels will be made prisoners.

## GERMANS PILLAGE RUSSIAN ESTATES

Paris, Nov. 18—Russians have occupied the Prussian village of Langaz Argen. In a fight near Jakubow the Russians defeated a German detachment which had pillaged the estate of a member of the Russian duma, and cattle and wheat which was carried off was returned to the owners.

## FORTS OF TURKEY FIRED ON LAUNCH

Smyria, Nov. 18—Turkish forts fired three shots on the launch U.S. Tennessee when the captain paid a visit to officials. Tennessee left Turkish waters at the request of the ambassador urged by Turkish officials. The matter is being investigated.

## LARGEST WAR VOTE IN WORLD HISTORY

London, Nov. 18—In the house

of commons Lloyd George said a year of war would cost \$2,250,000,000, and proposed to double the income tax and announced an extra duty of three pence per lb. on tea and a half penny on half pints of beer. It will be necessary to borrow \$1,750,000,000 at 3.1-2 per cent. Price 95c.

## PRINCESS PATRICIA REGT. IS AT FRONT

Toronto, Nov. 18—Cable from Bustard, Cape Salisbury, states that the Princess Patricia regiment left on Monday for Winchester to join the British division leaving shortly for the front. The fact that this report was allowed to pass is taken to indicate that this division has already left for the front or is now in France.

## WARSHIPS DESTROY THE GERMAN BASE

London, Nov. 18—The British fleet on Monday vigorously bombarded Knocke and Zeebrugge, in Belgium. The Solway Company's works on the Bruges ship canal, which have been used as a base for German military trains, was wrecked. A train of five cars of soldiers was struck by a shell and caught fire, and great damage was done to German stores and supplies.

## BELGIANS FLOODING GERMAN TRENCHES

London, Nov. 18—Reports from the front say that recent fighting has been entirely favorable to the allies, and the retreat of the enemy is only a matter of time. Floods separate their main armies between Nieuport to Dixmude. Enemy has failed in the main attack, though the Guards corps retained a reputation for courage and willingness to die.

## TO DRIVE INVADERS OUT WITHIN MONTH

Paris, Nov. 18—Official—Renewed German attacks at various parts of the line were repulsed. Allies have taken the offensive on the center and south fronts, and some progress is announced by portions of this line. Experts

say the Germans will be driven from France within a month.

Rome, Nov. 18—Russians have invested Cracow and already the bombardment has commenced. Fall of city is expected at any moment owing to the suddenness and violence of attacks.

Petrograd, Nov. 18—In region of Batum, on the east coast of the Black sea, firing continued all day Monday. Efforts of the Turks to advance in the direction of Erzerum was without success.

The Prince of Wales is on his way to the front.

London—The commons unanimously voted \$1,125,000,000 war credit which was asked by Premier Asquith. Also a measure was passed providing for another million men for the army. England will loan to Belgium and Serbia.

Ottawa—With revenues declining and war expenditures increasing there is little doubt that new taxes will be imposed at the coming session. Minister favors financing the war with the Bank of England. Canada is able to meet a large portion of the cost of the war out of current revenue.

It has been decided that Lord Roberts shall be buried either at All Saints church or at his Inglemere estate. The funeral will be held in London in deference to national demands.

## OVERHEARD AROUND NEW HAZELTON

New line of Heintz canned and bottled goods at Larkworthy's

Lloyd Affleck went down to the coast Thursday to enlist for the front.

Just arrived H. B. blankets, mackinaw clothing etc., at Larkworthy's store.

Miss Belhouse of the hospital staff left Thursday morning for the south owing to ill health.

Dr. Wrinch is in Prince Rupert on business. Dr. McLean, of Smithers, is in charge of the hospital.

It is said that John May, the Indian sent to New Westminster charged with murder, will stand his trial in Prince Rupert.

Mr. Allen, of the Union bank staff, will in future handle the collections for the bulletin service provided by the Omineca Herald. Those wishing to subscribe to the service will pay their money to Mr. Allen and the Herald will supply the service.

Mr. Young, St. Louis, owner of ten timber limits in the Kispiox, and his cruiser Mr. Woods, arrived Wednesday night and on Thursday left for the Kispiox.

Mrs. W. Larkworthy left on Thursday morning for Vancouver, where she will spend the winter. Mrs. Larkworthy has been a guest of her son, W. J. Larkworthy, for several months, and has made a large number of friends in town who will welcome her back again in the spring.

W. J. and Mrs. MacKenzie arrived in town Wednesday night

after visiting in Ontario, Quebec and Prince Edward Island. Mrs. MacKenzie has been away several months and she says that, while she had a most delightful time all the time she was away, there is no place like New Hazelton and she was glad to be back.

### Meteorological Report

Following is the record of the local meteorological bureau for week ending November 18 as observed by W. J. Larkworthy.

Maximum, 44 degrees, Nov. 18  
Minimum, 4 deg., Nov. 15, 16.  
Rainfall, 10 inches.

### Hon. Wm. Templeman Dead

Victoria, Nov. 16—Hon. Wm. Templeman, former minister of mines, and inland revenue in the Dominion government died at three o'clock this afternoon. He was proprietor of the Victoria Times.

### Yukon River is Closed

Dawson, Nov. 17—The Yukon river was closed at Dawson at 10.30 o'clock Sunday morning. This is one of the latest dates on record. The long open season was due to the mild weather of the past two months. Closing of the Yukon Crossing is expected any day now.

### Indians Trespassing

Complaints are being made by Kispiox ranchers that the Indians of that village are causing them a great deal of annoyance by trespassing on their farms. It appears that the Indians have snares all through the district for rabbits and some of the farmers' dogs have been caught in these snares. Action will be taken against the first Indian that is caught trespassing.

## Neatness

That's what counts and what is characteristic of  
Herald Printing

This is Canada's boom time. The first scare of the war is over and hundreds of thousands of Canadians are realizing that this is their opportunity. These people are adjusting themselves to the new conditions and keeping themselves busy. The world is better for their existence. They are the nation makers.

There are many other citizens, manufacturers, wholesalers, retailers, capitalists, and banks who have shut up like a trap and are afraid to stick their head out the door. They are content to place an iron hand around all the goods they have and sit pat and play the safe game. "Let the other fellow do all the work." These people are disloyal to their country and are as bad as deserters from the army. The man who will make the best of his opportunities and go after the business is the man who will prosper.

?????

WHICH of these are YOU, Mr. Reader? Are you going to keep your goods on the shelf? Or will you TELL THE PEOPLE what you have and work up new business for yourself and your town?
